SUBJECT: 2001 DoD Recycling Workshop

The 2001 DoD Recycling Workshop is scheduled October 15-18, 2001 in Baltimore, MD. The Workshop is in conjunction with the Solid Waste Association of North America (SWANA) WASTECON '01 (brochure attached). This is the first year the Workshop has been expanded to include integrated solid waste management. I recommend that DoD recycling, solid waste, and environmental personnel, as well as procurement and supply personnel who order recycled products, attend this event. The Workshop will include recycling initiatives which will be of special interest to DoD personnel.

WASTECON '01 is one of the premier solid waste conferences in the United States. This event is an opportunity for DoD personnel to improve their knowledge of private sector, municipal, Federal, and DoD recycling strategies, techniques and business practices.

The Air Force has agreed to host this year's Workshop, and be the lead for DoD's participation in WASTECON '01. Additional information about this year's DoD Recycling Workshop, including a registration form, is available at the WASTECON '01 SWANA website at www.afcee.brooks.af.mil/dodrecyclingworkshop. I request that you distribute this memorandum to environmental, recycling, solid waste, procurement, supply and other appropriate personnel within your Component.

Please direct any questions to Ms. Nancy Carper of the Air Force Center for Environmental Excellence at (210) 536-4964 or email nancy.carper@hqafcee.brooks.af.mil.

Raymond F. DuBois, Jr.
Deputy Under Secretary of Defense
(Installations and Environment)
